

**CANDIDATE FOR MAYOR  
CITY OF COLTON**

**NAME: KELLY J CHASTAIN**

**AGE: 43**

**OCCUPATION: Council Member – Third District**

When the people of Colton elected me to office (1996) as Council Member for the Third District, I took the position seriously and together we helped Colton blossom ....

I am proud that our city has made progress, but I also believe that this is only the beginning. Colton is on the brink of greatness and deserves to reach its potential. I am dedicated, committed and visible, and with my leadership skills, experience, integrity and more importantly the time, we can move Colton to a higher level. Being a lifelong resident, I am devoted to the responsibilities as an elected official, as well as to my family, church and to the residents of our community; I'm ready to carry that on as Mayor of the City of Colton.

I have sought to create effective change in our city and have become actively involved, in and outside the community, from serving as Mayor Pro Tem to sitting as President of both San Bernardino Associated Governments (transportation authority) and the League of California Cities. I have worked diligently to voice the needs of Colton.

Help us take the next steps to a brighter future, Vote November 7<sup>th</sup> **Kelly Chastain**.
